**37TH ANNUAL
REPORT
2020-21**

COMSYN

COMMERCIAL SYN BAGS LIMITED

“Weaving strength thread by thread for better world”

CHAIRMAN'S MESSAGE

Dear Shareholders,

A year ago, we witnessed an unprecedented economic and health crisis, and I gave you a rather ambivalent outlook on our business growth. Though, the first two months of the fiscal year were particularly difficult, things started picking up with the revival of economic activity. I am delighted to inform you that during the year gone by we have recorded the highest ever revenue and profitability in the history of our company's existence.

We exhibited some excellent numbers during this year, achieving Rs. 21389.10 Lakhs of Revenue from Operations, marking a 12% growth compared to Rs. 19097.23 Lakhs in FY 2020 (on standalone basis). In addition, our profit after tax increases by 2.2% from Rs. 1142.26 Lakhs to Rs. 1208.58 Lakhs in the current fiscal year (on standalone basis). The export sales continue to contribute more than 70% of total sales from manufacturing segment and Company's customer base is spread in all the continents except Antarctica.

Like every other organisation, our priority was to ensure the safety and well-being of our people. We set up an internal helpline to extend support to the affected team members and their families. We have organised free vaccination camp for all of our team members. We ensured that our people are duly vaccinated against the virus we extended support outside our organisation, to the communities as well. We provided food to the needy and also arranged to deliver PPE kits and masks to healthcare workers. We will continue to help wherever we can and stand with the world in the fight against this pandemic.

The Company has commenced the commercial operation of Unit – II on 28th September, 2020 with the installation of Multifilament Plant, Lamination Plants and Melt Blown Non-Woven Fabric Production Line. With this expansion the production capacity (all units) has been increased from 17000 MT to 20630 MT p.a. Further, the operation of Wholly Owned Subsidiary Comsyn India Private Limited had also commenced w.e.f. 19th March, 2021 with the capacity of 3100 MT p.a. making the aggregate annual capacity of 23730 MT. We are hopeful to announce the details of upcoming project on newly allotted land from MPIDC, Indore in this financial year.

Your directors are pleased to recommend a Final Dividend of 20% i.e. Rs. 2.00 per equity share of face value of Rs. 10 each for financial year 2020-2021, subject to approval of shareholders, involving an outflow of Rs. 2.36 Crores.

Your directors are pleased to inform that, the Board of directors at their meeting held on 4th Sept., 2021 has approved the matter related to Preferential issue of 15,00,000 Warrants of Rs. 130/- convertible into 15,00,000 equity shares of Rs. 10/- each issued at a premium of Rs. 120/- per share to the promoter and its group and to non-promoters selected investors which is subject to approval of members in the ensuing Annual General Meeting by way of Special Resolution and approvals as may be required from the BSE Ltd and other concerning authorities as may be applicable.

Your Company always focuses on operational efficiency and reduction in cost by adoption of renewable energy sources. As a measure of green initiative, your company has installed a solar power generation plant and roof top solar plant. During the year under review 18.61 Lakhs units of Electricity were generated through 1.0 MW (1.2 MW peak (p) Solar Power Generating System at Ujaas Solar Park, Sitamau (MP) and used as captive consumption at Company's manufacturing units at Pithampur and 2.06 Lakhs unit were generated from the installed roof top solar plant at Unit – II.

During the year under review your Company has achieved turnover of 39188.80 MT vis a vis 39270.25 MT in financial year 2019-2020 under trading operations as DCA cum CS of ONGC Petro additions Limited (OPaL), and strengthened its presence in domestic market.

Before I conclude, I take this opportunity to thank the Board for effectively steering the Company in these unprecedented times. I am grateful to the leadership team and our employees for their relentless efforts and contributions towards upholding business continuity and enabling growth. To our stakeholders including our partners, suppliers, customers, consumers, influencers, bankers, government authorities and to you, our shareholders, I express my gratitude for reposing your faith in us. Let us together make a difference and scale new heights of progress in the impending year.

*With best wishes,
Sincerely,*

*Anil Choudhary
Chairman & Managing Director*

22. Voting through electronic means

Members are requested to carefully read the below mentioned instructions for remote e-voting before casting their vote.

The instructions of shareholders for e-voting and joining virtual meetings are as under:

- (i) The voting period begins on **27th September 2021 (Monday) from 9:00 A.M. (IST) and ends on 29th September, 2021 (Wednesday) at 5:00 P.M. (IST)**. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **23rd September, 2021 (Thursday)** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of SEBI (LODR) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shares is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

VIGIL MECHANISM / WHISTLE BLOWER POLICY

[Under Regulation 22 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015]

1. PREFACE

- 1.1 Section 177 of the Companies Act, 2013 requires every listed company and such class or classes of companies, as may be prescribed to establish a vigil mechanism for the directors and employees to report genuine concerns in such manner as may be prescribed. The Company has adopted a Code of Conduct for Directors and Senior Management Executives (“the Code”), which lays down the principles and standards that should govern the actions of the Company and its employees. Any actual or potential violation of the Code, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. Such a vigil mechanism shall provide for adequate safeguards against victimization of persons who use such mechanism and also make provision for direct access to the chairperson of the Audit Committee in appropriate or exceptional cases.
- 1.2 In the draft Rules under Companies Act, 2013, among others, a company which has borrowed money from banks and public financial institutions in excess of Rs.50 crores need to have a vigil mechanism.
- 1.3 Under these circumstances, **COMMERCIAL SYN BAGS LIMITED**, being a Limited Company proposes to establish a Whistle Blower Policy/Vigil Mechanism and to formulate a policy for the same.

2. DEFINITIONS

- 2.1 “Alleged wrongful conduct” shall mean violation of law, Infringement of Company’s rules, misappropriation of monies, actual or suspected fraud, substantial and specific danger to public health and safety or abuse of authority”.
- 2.2 “Audit Committee” means a Committee constituted by the Board of Directors of the Company in accordance guidelines of Companies Act, 2013.
- 2.3 “Board” means the Board of Directors of the Company.
- 2.4 “Company” means the company, “Commercial Syn Bags Ltd” and all its offices.
- 2.5 “Code” means Code of Conduct for Directors and Senior Management Executives adopted by Commercial Syn Bags Ltd.
- 2.6 “Employee” means all the present employees and Whole Time Directors of the Company (Whether working in India or abroad).
- 2.7 “Protected Disclosure” means a concern raised by an employee or group of employees of the Company, through a written communication and made in good faith which discloses or demonstrates information about an unethical or improper activity under the title “SCOPE OF THE POLICY” with respect to the Company. It should be factual and not speculative or in the nature of an interpretation / conclusion and should contain as much specific information as possible to allow for proper assessment of the nature and extent of the concern.
- 2.8 “Subject” means a person or group of persons against or in relation to whom a Protected Disclosure is made or evidence gathered during the course of an investigation.
- 2.9 “Vigilance and Ethics Officer” means an officer appointed to receive protected disclosures from whistle blowers, maintaining records thereof, placing the same before the Audit Committee for its disposal and informing the Whistle Blower the result thereof.
- 2.10 “Whistle Blower” is an employee or group of employees who make a Protected Disclosure under this Policy and also referred in this policy as complainant.

3. POLICY OBJECTIVES

- 3.1 The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations. To maintain these standards, the Company encourages its employees who have concerns about suspected misconduct to come forward and express these concerns without fear of punishment or unfair treatment. A Vigil (Whistle Blower) mechanism

provides a channel to the employees and Directors to report to the management concerns about unethical behaviour, actual or suspected fraud or violation of the Codes of conduct or policy. The mechanism provides for adequate safeguards against victimization of employees and Directors to avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee in exceptional cases.

- 3.2. This neither releases employees from their duty of confidentiality in the course of their work nor can it be used as a route for raising malicious or unfounded allegations against people in authority and / or colleagues in general.

4. SCOPE OF THE POLICY

- 4.1. This Policy covers malpractices and events which have taken place / suspected to have taken place, misuse or abuse of authority, fraud or suspected fraud, violation of company rules, manipulations, negligence causing danger to public health and safety, misappropriation of monies, and other matters or activity on account of which the interest of the Company is affected and formally reported by whistle blowers concerning its employees.

- 6.7. On receipt of the protected disclosure the Vigilance and Ethics Officer / Chairman/ CEO / Chairman of the Audit Committee, as the case may be, shall make a record of the Protected Disclosure and also ascertain from the complainant whether he was the person who made the protected disclosure or not. He shall also carry out initial investigation either himself or by involving any other Officer of the Company or an outside agency before referring the matter to the Audit Committee of the Company for further appropriate investigation and needful action. The record will include:
- Brief facts;
 - Whether the same Protected Disclosure was raised previously by anyone, and if so, the outcome thereof;
 - Whether the same Protected Disclosure was raised previously on the same subject;
 - Details of actions taken by Vigilance and Ethics Officer / Chairman/ CEO for processing the complaint
 - Findings of the Audit Committee
 - The recommendations of the Audit Committee/ other action(s).
- 6.8. The Audit Committee, if deems fit, may call for further information or particulars from the complainant.

7. INVESTIGATION

- All protected disclosures under this policy will be recorded and thoroughly investigated. The Audit Committee may investigate and may at its discretion consider involving any other Officer of the Company and/ or an outside agency for the purpose of investigation.
- The decision to conduct an investigation is by itself not an accusation and is to be treated as a neutral fact finding process.
- Subject(s) will normally be informed in writing of the allegations at the outset of a formal investigation and have opportunities for providing their inputs during the investigation.
- Subject(s) shall have a duty to co-operate with the Audit Committee or any of the Officers appointed by it in this regard.
- Subject(s) have a right to consult with a person or persons of their choice, other than the Vigilance and Ethics Officer / Investigators and/or members of the Audit Committee and/or the Whistle Blower.
- Subject(s) have a responsibility not to interfere with the investigation. Evidence shall not be withheld, destroyed or tampered with and witness shall not be influenced, coached, threatened or intimidated by the subject(s).
- Unless there are compelling reasons not to do so, subject(s) will be given the opportunity to respond to material findings contained in the investigation report. No allegation of wrong doing against a subject(s) shall be considered as maintainable unless there is good evidence in support of the allegation.
- Subject(s) have a right to be informed of the outcome of the investigations. If allegations are not sustained, the Subject should be consulted as to whether public disclosure of the investigation results would be in the best interest of the Subject and the Company.
- The investigation shall be completed normally within 90 days of the receipt of the protected disclosure and is extendable by such period as the Audit Committee deems fit.

8. DECISION AND REPORTING

- If an investigation leads the Vigilance and Ethics Officer / Chairman of the Audit Committee to conclude that an improper or

unethical act has been committed, the Vigilance and Ethics Officer / Chairman of the Audit Committee shall recommend to the management of the Company to take such disciplinary or corrective action as he may deem fit. It is clarified that any disciplinary or corrective action initiated against the Subject as a result of the findings of an investigation pursuant to this Policy shall adhere to the applicable personnel or staff conduct and disciplinary procedures.

- 8.2. The Vigilance and Ethics Officer shall submit a report to the Chairman of the Audit Committee on a regular basis about all Protected Disclosures referred to him/her since the last report together with the results of investigations, if any.
- 8.3. In case the Subject is the Chairman/CEO of the Company, the Chairman of the Audit Committee after examining the Protected Disclosure shall forward the protected disclosure to other members of the Audit Committee if deemed fit. The Audit Committee shall appropriately and expeditiously investigate the Protected Disclosure.
- 8.4. If the report of investigation is not to the satisfaction of the complainant, the complainant has the right to report the event to the appropriate legal or investigating agency.
- 8.5. A complainant who makes false allegations of unethical & improper practices or about alleged wrongful conduct of the subject to the Vigilance and Ethics Officer or the Audit Committee shall be subject to appropriate disciplinary action in accordance with the rules, procedures and policies of the Company.

9. SECRECY/CONFIDENTIALITY

- 9.1. The complainant, Vigilance and Ethics Officer, Members of Audit Committee, the Subject and everybody involved in the process shall:
 - 9.1.1. Maintain confidentiality of all matters under this Policy
 - 9.1.2. Discuss only to the extent or with those persons as required under this policy for completing the process of investigations.
 - 9.1.3. Not keep the papers unattended anywhere at any time
 - 9.1.4. Keep the electronic mails / files under password.

10. PROTECTION

- 10.1. No unfair treatment will be meted out to a Whistle Blower by virtue of his/ her having reported a Protected Disclosure under this policy. The company, as a policy, condemns any kind of discrimination, harassment, victimization or any other unfair employment practice being adopted against Whistle Blowers. Complete protection will, therefore, be given to Whistle Blowers against any unfair practice like retaliation, threat or intimidation of termination / suspension of service, disciplinary action, transfer, demotion, refusal of promotion or the like including any direct or indirect use of authority to obstruct the Whistle Blower's right to continue to perform his duties / functions including making further Protected Disclosure. The company will take steps to minimize difficulties, which the Whistle Blower may experience as a result of making the Protected Disclosure. Thus if the Whistle Blower is required to give evidence in criminal or disciplinary proceedings, the Company will arrange for the Whistle Blower to receive advice about the procedure, etc.
- 10.2. A Whistle Blower may report any violation of the above clause to the Chairman of the Audit Committee, who shall investigate into the same and recommend suitable action to the management.
- 10.3. The identity of the Whistle Blower shall be kept confidential to the extent possible and permitted under law. The identity of the complainant will not be revealed unless he himself has made either his details public or disclosed his identity to any other office or authority. In the event of the identity of the complainant being disclosed, the Audit Committee is authorized to initiate appropriate action as per extant regulations against the person or agency making such disclosure. The identity of the Whistle Blower, if known, shall remain confidential to those persons directly involved in applying this policy, unless the issue requires investigation by law enforcement agencies, in which case members of the organization are subject to subpoena.
- 10.4. Any other Employee assisting in the said investigation shall also be protected to the same extent as the Whistle Blower.
- 10.5. Provided however that the complainant before making a complaint has reasonable belief that an issue exists and he has acted in

good faith. Any complaint not made in good faith as assessed as such by the Audit Committee shall be viewed seriously and the complainant shall be subject to disciplinary action as per the Rules/ certified standing orders of the Company. This policy does not protect an employee from an adverse action taken independent of his disclosure of unethical and improper practice etc. unrelated to a disclosure made pursuant to this policy.

11. ACCESS TO CHAIRMAN OF THE AUDIT COMMITTEE

The Whistle Blower shall have right to access Chairman of the Audit Committee directly in exceptional cases and the Chairman of the Audit Committee is authorized to prescribe suitable directions in this regard.

12. COMMUNICATION

A whistle Blower policy cannot be effective unless it is properly communicated to employees. Employees shall be informed through by publishing in notice board and the website of the company.

13. RETENTION OF DOCUMENTS

All Protected disclosures in writing or documented along with the results of Investigation relating thereto, shall be retained by the Company for a period of 7 (seven) years or such other period as specified by any other law in force, whichever is more.

14. AMENDMENT

The Company reserves its right to amend or modify this Policy in whole or in part, at any time without assigning any reason whatsoever. However, no such amendment or modification will be binding on the Employees and Directors unless the same is notified to them in writing.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(a) Global Economy Overview

The global economy is set to expand 5.6 percent in 2021—its strongest post-recession pace in 80 years. This recovery is uneven and largely reflects sharp rebounds in some major economies—most notably the United States, owing to substantial fiscal support—amid highly unequal vaccine access. In many emerging market and developing economies (EMDEs), elevated COVID-19 caseloads, obstacles to vaccination, and a partial withdrawal of macroeconomic support are offsetting some of the benefits of strengthening external demand and elevated commodity prices. By 2022, global output will remain about 2 percent below prepandemic projections, and per capita income losses incurred last year will not be fully unwound in about two-thirds of EMDEs. The global outlook remains subject to significant downside risks, which include the possibility of large COVID-19 waves in the context of new virus variants and financial stress amid high EMDE debt levels. Controlling the pandemic at the global level will require more equitable vaccine distribution, especially for low-income countries. The legacies of the pandemic exacerbate the challenges facing policy makers as they balance the need to support the recovery while safeguarding price stability and fiscal sustainability. As the recovery becomes more entrenched, policy makers also need to continue efforts toward promoting growth-enhancing reforms and steering their economies onto a green, resilient, and inclusive development path.

As the global economy rebounds from the COVID-19- induced global recession, the accompanying strength in global trade offers an opportunity to jumpstart the recovery in EMDEs. Lowering cross-border trade costs could help revive trade growth. Trade costs are high: on average, they double the cost of internationally traded goods over domestic goods. Tariffs account for only one-fourteenth of average trade costs; the bulk of trade costs are incurred in shipping and logistics as well as cumbersome trade procedures and processes at and behind the border.

Despite a decline since 1995, trade costs remain almost one-half higher in EMDEs than in advanced economies; about one-third of the gap may be accounted for by higher shipping and logistics costs and another one-third by trade policy. A comprehensive reform package to lower trade costs would include trade facilitation measures; deeper trade liberalization; efforts to streamline trade processes and clearance requirements; better transport infrastructure; more competition in domestic logistics, retail, and wholesale trade; and less corruption. Some of these measures could yield large dividends: Among the worst-performing EMDEs, a hypothetical reform package to improve logistics performance, maritime connectivity, and border processes to those of the best performing EMDEs is estimated to halve trade costs.

(b) Indian Economy Overview

The Indian economy, which had been beset by a gradual growth slowdown in the last few years, experienced a challenge in FY 2020-21 in the form of the COVID-19 pandemic, which led to a strict lockdown enforced by the Government. However, the economy demonstrated resilience and depth by recovering much of the lost ground in the subsequent quarters. However, the challenge posed by the virus only subsided to come back stronger in a devastating second wave in the first quarter of FY 2021-22. For India, emerging victorious against this invisible enemy and returning to the path of prosperity will call for concerted efforts by Central and State Governments, the healthcare sector, and the people. Various measures announced by the Government to support livelihoods and incentivize investments are expected to emerge as drivers for sustained long-term growth. Year in review India was able to contain the impact of COVID-19 on its economy in FY 2020-21 with combined efforts of the people and businesses as well as the Government. Decline in GDP in FY 2020-21 is expected to be in the region of (-) 7.3% to (-) 7.5%, largely due to the lockdown imposed in the first quarter of the year. However, the economy rebounded rapidly after the restrictions eased and posted growth in the fourth quarter simultaneously with the rollout of a nationwide vaccination program. The Indian Government announced a bold economic stimulus to combat the sharp slowdown caused by the lockdown, its various measures aimed at easing liquidity and credit unavailability faced by the MSME sector to reinvigorate economic activity. Similarly, various measures targeted at incentivizing investments in economic segments and bringing about long-awaited labour reforms helped improve sentiment and attract global investments, strengthening India's

self-reliance for critical needs

Outlook Emergence of the second COVID-19 wave has dampened the outlook for a strong projected rebound in real GDP growth of 10.5% in FY 2021-22, which had been supported by a strong revival achieved in Q4 FY 2020-21 and impact of fiscal stimulus packages under AtmaNirbhar 2.0 and 3.0 schemes, increased capital outlays and the promotion of investments in the Union Budget 2021-22. As a result of the setback caused by the second wave, real GDP growth for FY 2021-22 may finish lower than expected before India returns to robust growth in FY 2022-23 with a projected 6.8% growth over FY 2021-22. Despite recent developments, India's economic activity has been gathering strength with demand and supply sides staging an appreciable recovery, improved mobility and optimism due to a sustained vaccination rollout programme, growth-enhancing proposals in the Union Budget and reasonably favourable monetary conditions. However, India's growth outlook could also depend on the trajectory of global economic recovery, in view of external trade linkages, hardening crude oil prices and competition in the export markets.

The Reserve Bank of India (RBI), and the central and state governments provided critical support to the economy during the crisis. RBI maintained loose monetary policy, cutting repo rates during 2020. To keep funding markets easy, the RBI maintained liquidity surplus through various monetary measures.

(c) Industry Overview

The plastic industry in India made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90% of which are small and medium-sized enterprises. India exported plastics raw material worth US\$ 280.38 million in March 2021, and the export during April 2020 to March 2021 was US\$ 3.29 billion. The total plastic and linoleum export during April 2020 to March 2021 was US\$ 7.45 billion and for the month of March 2021, it was US\$ 719.15 million. In April 2021, export of plastic and linoleum stood at US\$ 726.74 million. In FY20, plastic and linoleum export from India stood at US\$ 7.55 billion. In FY21 export of plastic sheets, films, and plates stood at US\$ 1.53 billion and packaging material was US\$ 863.62 million. The Indian plastics industry produces and export a wide range of raw materials, plastic-moulded extruded goods, polyester films, moulded/ soft luggage items, writing instruments, plastic woven sacks and bags, polyvinyl chloride (PVC), leather cloth and sheeting, packaging, consumer goods, sanitary fittings, electrical accessories, laboratory/ medical surgical ware, tarpaulins, laminates, fishnets, travel ware, and others. The Indian plastics industry offer excellent potential in terms of capacity, infrastructure, and skilled manpower. It is supported by many polymer producers, plastic process machinery and mould manufacturers in the country. Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on import. These raw materials, including polypropylene, high-density polyethylene, low-density polyethylene, and PVC, are manufactured domestically. The Department of Chemicals and Petrochemicals has approved 10 Plastic Parks in the country, out of which 6 parks have been given final approval in the below states:

- Assam (1 nos.)
- Madhya Pradesh (2 nos.)
- Odisha (1 nos.)
- Tamil Nadu (1 nos.)
- Jharkhand (1 nos.)

The Detailed Project Reports are under evaluation for two Plastic Park in Uttarakhand and Chhattisgarh respectively and proposal for setting up of two new Plastic Parks are under process.

These Plastic Parks will help to achieve environmentally sustainable growth and increase employment.

(Source – India Brand Equity Foundation www.ibef.org)

During July 2021, India exported plastics worth USD 1,154 million, up 33.8% from USD 862 million in July 2020. Cumulative value of plastic export during April 2021 – July 2021 was USD 4,571 million as against USD 3,073 million during the same period last year, registering a positive growth of 48.7%. Export of Woven sacks and FIBCs gained 52.5% during July 2021 as sales of FIBC further strengthened. India is a significant exporter of FIBC to Europe and North America. Company's customer base is spread across the globe with major presence in European Union, United Kingdom, United States and Latin America. The majority of sales are through exports which continue to contribute more than 70% of sales from manufacturing segment. The Company has also been recognised by Government of India as an Export House.

The Company is continuously doing Research and Development activities to produce best of its products as per the need of customers. The Company offers various packaging solutions for wide range of end users such as Construction, Agriculture, Asbestos Waste Removal, Bulk Packaging, Household Waste Removal, Human Safety, Gardens, Green Houses, Shelter, Grain, Pulses, Animal Food, Seeds, Fertilizers, Chemicals, and Food Products etc.

The Company has been operating as DCA cum CS of ONGC Petro additions Limited (OPaL). During this year this business not only delivered a steady performance but also continued to add value to the Company, in terms of profitability. This segment helps the Company as a source of Raw Material and helps to increase its presence in the national market. Further it also helps the Company to decide its raw material procurement policy and reduction of cost.

The Company has installed the solar power generation plant and also a rooftop solar power plant for generation of electricity for captive consumption. The Company is also using all its wastage generated during the operation and thereby contributing towards the environment.

The commercial production of expansion at Unit – II was commenced on 28th September, 2020 with the installation of Melt Blown Non-Woven Fabric Production Line. The capacity addition is 3630 MT. The Company has also setup its wholly owned subsidiary in the name of 'Comsyn India Private Limited' with a capacity of 3100 MT. With this expansion the total capacity of the Company including its subsidiary is 23730 MT.

(d) Strength, Weakness, Opportunities and Threats

The Company has wide range of products in its basket which caters to the customers across the globe. The product portfolio comprises of about 15 different products like FIBC, Woven Sack Bags, Tarpaulin, Liners, Garbage Bags, Mulch Film, Pond Liner, Vermi Beds, and flexible pipes etc. Product diversification helps in catering to different markets as per their demands. Your Company is having BIS Certification for separate clean room facilities and the Company's fully integrated food grade manufacturing facility for FIBC is one of the best in India. The Company supplies to various industries like agriculture, construction, food, bulk packaging, chemical, cement and food grade bags. The strong Industry relation is a core strength of the Company. The Company focuses on quality and customer satisfaction to maintain long term relationship and to procure repeat orders. There is increased competition due to industry wise capacity addition. The Company's total capacity is 23730 MTPA and your company has adequate production capacity to meet the increased demand of the Customers.

Volatility of Oil and currency are some major threats. Being a labour oriented industry with high requirement of skilled labour, shortage of labour is a major risk associated with the sector, however the Company has put in place adequate system to monitor

labour requirement and have already implemented skilled development training program. Competition from new players within and outside the country is also posing the threat for the company and with the experience of more than 3 decades in this industry and strong customer relationship your company is able to meet this threat.

The Company follows a risk management policy wherein the management keeps an eagle's eye view on the markets, both domestic and foreign, related to the products, the Company manufactures and the raw materials required. The management also monitors the socio-economic changes worldwide and the changes in the currency fluctuation to minimize the risks. There are no risks which in the opinion of the Board are of the nature that can threaten the existence of the Company. However, the risks inter-se that are generally dealt in regular course of business and have to be taken care of are -economic risk, technology risk, fluctuations in foreign exchange rates and raw material prices which the Company regularly monitors with a proactive approach adopted by the management to evaluate and mitigate these potential risks. An additional risk arising out of the Covid-19 pandemic cannot be ruled out which may lead to a possible future lockdown or a temporary closure.

(e) Segment-wise or product-wise performance

The Company operates in three segments i.e.

- (a) Manufacture and sale of FIBC, Bulk Bags, Poly Tarpaulin, Woven Sacks/Bags, Box Bags, PP/HDPE Fabric, Liner, Mulch Film, Vermi Beds and other flexible packaging and
- (b) Trading of Granules
- (c) Solar Power generation.

The segment for Manufacture and sale of FIBC, Bulk Bags, Poly Tarpaulin, Woven Sacks/Bags, Box Bags, PP/HDPE Fabric, Liner, Mulch Film, Vermi Beds and other flexible packaging meets the quantitative thresholds and is considered as reportable segment. Financial information of all other segments have been shown in 'All other Segments'.

(f) Future Outlook

Driven by lightweight, customized product features, user-friendly, sustainability advantages and enhanced packaging options the product base of the Company has the potential to maintain positive growth through demand emanating from international as well as domestic industries. In the domestic market, the industry is also envisaged to receive a boost from agriculture, mineral, petrochemical industries and various industrial markets who are opting for FIBC as packaging option. Internationally, the FIBC industry is estimated to demonstrate firm growth driven by demand from new markets like Latin & Central America, Eastern Europe & some parts of Africa. Also, acceptability and increase in usage by the pharmaceutical and food industry across the globe will have positive impact.

(g) Risk and concerns, internal control systems and their adequacy

The Company is engaged in the business of manufacturing and export of containers and packaging materials, which is associated with normal business risk as well as the imbalance of demand-supply of products in the domestic as well as international market. We are subject to foreign currency exchange rate fluctuations which could have a material impact on our results of operations and financial conditions. There are no risks which in the opinion of the Board are of the nature that can threaten the existence of the Company. However, the risks inter-se that are generally dealt in regular course of business and have to be taken care of are -economic risk, technology risk, fluctuations in foreign exchange rates and raw material prices which the Company regularly monitors with a proactive approach adopted by the management to evaluate and mitigate these potential risks. An additional risk arising out of the Covid-19 pandemic cannot be ruled out which may lead to a possible future lockdown or a temporary closure. The Company has a well-defined Policy for Risk Mitigation on foreign exchange by adopting hedging strategies. Global as well as Indian economic and political factors that are beyond our control, influence forecasts and may directly affect our business operations.

The Company has a Risk Management Policy and adequate Internal Control System in place. The main objective of this Policy is to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and

resolving risks associated with the Company's business. In order to achieve the key objective, this Policy establishes a structured and disciplined approach to Risk Management; in order to guide decisions on risk related issues. Internal Control System is commensurate with the size, scale and complexity of its operations. The Company continuously reviews its various types of regulatory, financial, operational, environmental and other business risks. There are adequate systems to ensure compliance of all various statutory and regulatory requirements and review the same from time to time and to take appropriate actions from time to time.

INDEPENDENT AUDITOR'S REPORT

To the Members of Commercial Syn Bags Limited.

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of Commercial Syn Bags Limited ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of Profit and Loss (including other Comprehensive Income), the standalone statement of changes in equity and the standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its profits and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters are addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' responsibilities for the Audit of the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has not realistic alternative to do so.

The Board of Directors are responsible for over viewing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decision of the users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charge with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit,
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books,
 - c) The standalone balance sheet, the standalone statement of Profit and Loss (including Other Comprehensive Income), the standalone statement of changes in equity and the standalone statements of Cash Flow dealt with by this report are in agreement with relevant books of account,
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014,
 - e) On the basis of written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of section 164(2) of the Act.
 - f) With respect to adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting,
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act, and
2. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. (Refer Note 33 to the standalone financial statements.)
 - ii. The Company did not have any long-term contracts for which there were any material foreseeable losses. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on derivative contracts. (Refer Note 21 to the standalone financial statements.)
 - iii. There has been no amount required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these standalone financial statements since they do not pertain to the financial year ended 31 March 2021.
3. As required by the Companies (Auditor's Report) Order, 2016 ("the order") issued by the Central Government in terms of section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.

ANNEXURE –A TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE

(Reference to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements section of our report to the members of Commercial Syn Bags Limited)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**Opinion**

We have audited the internal financial controls over financial reporting of M/S Commercial Syn Bags Limited (“the Company”) as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The Company’s management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the

reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2. Basis of preparation, presentation and significant accounting policies
2.1 Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Board of Directors approved the financial statements for the year ended 31st March 2021 and authorised for issue on 16th June, 2021.

2.2 Basis of preparation and presentation
a. Basis of Preparation

The Company maintains its accounts on accrual basis following historical cost convention, except for certain assets and liabilities that are measured at fair value, recoverable amount or net realisable value in accordance with Indian Accounting Standards. The Financial Statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

b. Basis of Presentation

- i. The Balance Sheet, Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows" by use of Indirect method. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.
- ii. The Company's Financial Statements are presented in Indian Rupees (INR), which is also its functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated, as permitted by Schedule III to the Companies Act, 2013. Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes to these financial statements.

iii. Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when: -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

2.3 Key Accounting Estimates and Judgements

The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The Company uses the following critical accounting estimates in preparation of its financial statements:

Key sources of estimation of uncertainty at the reporting date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives and carrying amounts of property, plant and equipment, fair value measurements of financial instruments, revenue recognition, employee benefits, valuation of deferred tax assets and leases, these are discussed below.

Outcomes within the next financial year that are different from the assumption could require a material adjustment to the carrying amount of the asset or liability.

(a) Property, Plant and Equipment

Judgement is required in applying the recognition criteria as to what constitutes an item of property, plant and equipment. The Company uses judgement to assess the degree of certainty attached to the flow of future economic benefits that are attributable to the use of the asset on the basis of the evidence available at the time of initial recognition. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Company reviews its carrying value of Property, plant and equipment carried at cost (net of impairment, if any) annually, when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. It involves, among other techniques, estimations in respect of expected future cash flows and discount rates to arrive at present value of expected cash flows.

The carrying amount of Property, plant and Equipment is given at note no. 3

(b) Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted price in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The carrying value of fair value of financial instruments is given at note no. 4, 5, 8 to 12, 16, 19 to 21.

(c) Revenue Recognition

The Company derives its revenue primarily from sale of merchandise and commission from DCA cum CS business.

The Company's contract with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgment is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. The transaction price is also adjusted for the effects of the

time value of money if the contract includes a significant financing component.

The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

The Company uses judgement to estimate the value of the goods or services to the customer transferred to date relative to the remaining goods or services promised under contract which is used to determine the degree of completion of the performance obligation.

The amount of revenue recognised is given in note no. 24.

(d) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

The carrying value of employee benefit plans in the nature of defined benefits is given in note no. 23 and 29.

(e) Deferred Tax Asset

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(f) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The carrying value of lease obligations and Right of use assets is given at note numbers 16 And 21 respectively.

2.4 Recent accounting developments

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.

- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

2.5 Summary of Significant Accounting Policies

(a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost after deducting trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost, non-refundable purchase taxes, any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

The Company has opted cost model as its accounting policy for measurement after recognition.

Depreciation on Property, Plant and Equipment is provided using Straight Line Method taking life of the assets as given in the Schedule-II of Companies Act, 2013 on 95% of value of assets.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Property, plant and equipment are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

(b) Intangible Assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

The Company has opted cost model as its accounting policy for measurement after recognition.

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

The Company's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss

(c) Inventories

Inventories consists of raw materials, Work in progress, finished goods and stores and spares. Inventories are valued at the lower of cost and net releasable value except wastage which is valued at net realisable value. The cost of inventories shall comprise all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present, location and condition. The costs of inventories are assigned using the first in, first out (FIFO) formula. When inventories are sold, the carrying amount of those inventories shall be recognised as an expense in the period in which the related revenue is recognised.

(d) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Financial Instruments

Financial Assets

Initial Recognition and Measurement

The company recognises a financial asset when it becomes party to the contractual provisions of the instrument. All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition

Where the fair value of the financial asset at initial recognition differs from the transaction price an entity account for the difference as follows:

- As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability,
- Is deferred in other cases. The deferred difference is recognised as a gain or loss only to the extent it arises from a change in factor (including time) that market participants would take into account when pricing the asset or liability.

Investment in subsidiary is measured at cost

Subsequent Measurement

Financial Assets measured at Amortised Cost

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Other Comprehensive Income

A Financial Asset is measured a FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value Through Profit or Loss

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

Investment in subsidiary is measured at cost

Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Reclassification of Financial Assets

Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

(f) Financial Liabilities

Initial Recognition and Measurement

The company recognises a financial liability when it becomes party to the contractual provisions of the instrument. All Financial Liabilities are recognised at fair value and in case of financial liabilities classified as 'subsequently measured at amortised cost' are shown net of directly attributable cost.

Where the fair value of the financial liability at initial recognition differs from the transaction price an entity account for the difference as follows:

- As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability,
- Is deferred in other cases. The deferred difference is recognised as a gain or loss only to the extent it arises from a change in factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent Measurement

Financial Liabilities which are classified as 'subsequently measured at amortised cost' are carried at amortised cost using the effective interest method.

(g) Hedge Accounting

The Company uses derivative financial instruments such as forward contracts to mitigate the risk of changes in exchange rates. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

Fair Value Hedge

The Company designates derivative contracts as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in foreign exchange rates. The gain or loss on the hedging instrument is recognised in profit or loss. The hedging gain or loss on the hedged item adjusts the carrying amount of the hedged item and is recognised in profit or loss.

Derecognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

(h) Provisions and contingent liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(i) Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

(g) Revenue Recognition

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Sale of Goods

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Commission income

The Company is also Del-credere Agent cum Consignment Stockiest of ONGC Petro additions Limited (OPaL) to deal in granules. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Principal has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Job work and other services

Revenue from rendering of other services is recognised over time by measuring the progress towards complete satisfaction of performance obligations by using output method at the reporting period.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method.

Export Licences

The revenue from transfer of export licences has been recognised when control over licences are transferred.

(h) Contract Balances

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

(i) Government Grants

Government grants, including non-monetary grants at fair value, are recognised when there is reasonable assurance that:

- (a) the entity will comply with the conditions attaching to them; and
- (b) the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Presentation of Government grants

Grant related to specific fixed assets are presented in the balance sheet by showing the grant as deduction from the gross value of asset concerned in arriving at their book value.

Grants related to income are presented as part of profit or loss.

(j) Employee Benefits Expense

Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Leave encashment is accounted for on cash basis. Company compulsorily pays for encashment of leave within 12 months. Hence all payments are short term in nature.

Post-Employment Benefits

Defined Contribution Plans

The Company recognises contribution payable to the provident fund and ESIC scheme as an expense, when an employee renders the related service.

Defined Benefit Plans

The Company has opted Group Gratuity Scheme of Life Insurance Corporation of India. The Company makes contribution to the fund under that scheme. Provision for obligations is made for any shortfall in contribution to the fund as against the present value of defined benefit obligations towards gratuity at the reporting date.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

(k) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(l) Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

(m) Income Taxes

Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current taxes

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the Income Tax authorities, based on tax rates and laws that are enacted at the reporting date.

Deferred taxes

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

(n) Leases

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

(o) Foreign Currencies Transactions and Translation
Initial Recognition and Measurement

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction i.e. spot exchange rate between the functional currency and the foreign currency.

Subsequent recognition and Measurement

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency at closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalised as cost of assets.

(p) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share.

Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

c Terms/rights attached to equity shares :

The company has only one class of equity shares having a par value of 10/- per share. Each holder of equity shares is entitled to one vote per share. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the company after distribution of all preferential amounts, in proportion to their shareholding.

d Bonus Share

The company has allotted 64,69,050 fully paid up Equity Shares of face value of Rs. 10/- each during the financial year 2015-2016 pursuant to the bonus issue approved by the shareholders at their Extraordinary General Meeting held on 15th March, 2016 in the ratio of 3 equity shares for every 1 Equity Share held on record date. The record date fixed by the Board of Directors for issue of Bonus Shares is 15th March, 2016. Except this the Company has not made any allotment of shares as Bonus Shares during the period of five years immediately preceding the date as at which the Balance Sheet is prepared.

e Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The management and the Board of Directors monitor the return on capital as well as the level of dividends to shareholders.

f Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share.

Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

Description of Plans and risks

Defined benefit plans of the Company comprises Gratuity.

The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment.

The Company has opted the Employee Group Gratuity Scheme of the insurance service provider Life Insurance Corporation of India ("LIC"). Payments for Gratuity are funded through investments with Life Insurance Corporation of India.

The Company's investment strategy in respect of its funded plans is implemented within the framework of the applicable statutory requirements. The plans expose the Company to a number of actuarial risks such as investment risk, interest rate risk, longevity risk and inflation risk. The Company has developed policy guidelines for the allocation of assets to different classes with the objective of controlling risk and maintaining the right balance between risk and long-term returns in order to limit the cost to the Company of the benefits provided.

The company makes annual contribution to the Employee's Group Gratuity Cum Life Assurance Scheme of the Life Insurance Corporation of India, a funded benefit plan for qualifying employees. The Scheme provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service.

The figures of present value of the defined benefit obligation and the related current service cost were as measured and provided to us by a consulting actuary.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2020-21.

The Information of sensitivity analysis in respect of key assumption on define benefit obligation is not available as the cost to develop it would be excessive.

c. Compensated Absences

As regards compensated absences, the Company has policy for encashment of leaves (which is compulsorily paid within one year from the end of the financial year) standing to the credit of the employees on cash basis.

B Financial Risk Management

The Company is exposed primarily to market risks being fluctuations in foreign currency exchange rates and interest rate, and other risks namely credit and liquidity risks, which may adversely impact the fair value of its financial instruments. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Company has a risk management policy which covers risks associated with financial assets and liabilities. The focus of risk management committee is to assess the unpredictability of the financial environment and to mitigate the potential adverse effects on the financial performance of the Company.

Management of Market Risk

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

Foreign currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company.

The Company as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 1% against the functional currency of the Company.

Foreign Currency Risk

The following table shows foreign currency exposures in US Dollar, Euro and Great Britain Pound on financial instruments at the end of the reporting period.

Management Of Credit Risk

Credit risk is the risk that a customer or counter party to a financial instrument fails to perform or pay the amount according to the contractual terms or obligations causing financial loss to the Company

Credit risk encompasses of risk of default, risk of deterioration of creditworthiness as well as concentration of risks.

credit risk is controlled by analysing credit limits and creditworthiness of customers of a continuous basis to whom the credit has been granted

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure.

The maximum exposure to credit risk is Rs 3744.99 lakhs (Rs 2593.04 lakhs in preceding year) being the total of carrying amount of trade receivables, balance with banks, bank deposits and other financial assets.

Trade receivables

Concentration of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on a quarterly basis.

Other financial assets

The Company maintains exposure in bank balances and term deposits with banks. Considering insignificant amounts and short term nature, there is no significant risks pertaining to these assets.

Management of Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date.

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

"The Company has obtained fund and non-fund based working capital lines from various banks. Furthermore, the Company have access to undrawn lines of committed and uncommitted borrowing/ facilities"

The Company has maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31st March, 2021 and 31st March, 2020. Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

The following table shows a maturity analysis of the anticipated cash flows including interest obligations for the Company's non-derivative financial liabilities on an undiscounted basis, which therefore differ from both carrying value and fair value.

Derivative financial instruments and hedging activity

The company's revenue is denominated in various foreign currencies. Given the nature the business, a large portion of costs are denominated in Indian Rupees. This exposes the company to currency fluctuations.

The Board of Directors have constituted a Risk Management Committee to frame, implement and monitor the risk management plan of the company which inter alia covers risks arising out of exposure of foreign currency fluctuations.

The company uses various derivative instruments such as foreign exchange forward in which the counter party is generally the bank.

The following are outstanding foreign currency forward contracts, which have been designated as fair value hedges -

INDEPENDENT AUDITOR'S REPORT

To the Members of Commercial Syn Bags Limited.

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of Commercial Syn Bags Limited ("the Holding Company") and its subsidiary (Holding company and subsidiary company together referred to as "the Group"), which comprise the consolidated balance sheet as at March 31, 2021, and the consolidated statement of Profit and Loss (including other Comprehensive Income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2021 and its consolidated profits and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters are addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' responsibilities for the Audit of the Standalone Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

preparation and presentation of the consolidated financial statements that give a true and fair view and are free material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has not realistic alternative to do so.

The respective Board of Directors are responsible for over viewing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decision of the users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial control system in place and the operating effectiveness of such control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Holding Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the

consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charge with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditors;
 - c) The consolidated balance sheet, the consolidated statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated statements of Cash Flow dealt with by this report are in agreement with relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) On the basis of written representations received from the directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of section 164(2) of the Act;
 - f) With respect to adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
2. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
 - i. The Holding Company has disclosed the impact of pending litigations on its financial position in its consolidated financial statements. (Refer Note 33 to the standalone financial statements.)

- ii. The Group did not have any long-term contracts for which there were any material foreseeable losses. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on derivative contracts. (Refer Note 21 to the standalone financial statements.)
- iii. There has been no amount required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these standalone financial statements since they do not pertain to the financial year ended 31 March 2021.

ANNEXURE –A TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE

(Reference to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements section of our report to the members of Commercial Syn Bags Limited on the consolidated financial statements as of and for the year ended March 31, 2021)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

In conjunction with our audit of the consolidated financial statements of M/S Commercial Syn Bags Limited (hereinafter referred to as “the Holding Company”) as of and for the year ended 31 March 2021, We have audited the internal financial controls with reference to consolidated financial statements of the Holding company and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and such company incorporated in India which is its subsidiary company, have, in all material respects, an adequate internal financial controls system over financial reporting with reference to consolidated financial statements and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the such companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The respective Company’s management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting with reference to consolidated financial statements criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the respective Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2.1 Statement of Compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Board of Directors approved the consolidated financial statements for the year ended 31st March 2021 and authorised for issue on 16th June, 2021.

2.2 Basis of preparation and presentation

a. Basis of Preparation

The Group maintains its accounts on accrual basis following historical cost convention, except for certain assets and liabilities that are measured at fair value, recoverable amount or net realisable value in accordance with Indian Accounting Standards. The Financial Statements of the Group have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Subsidiaries are entities where the group exercise control or hold more than one-half of its total share capital. The net assets and results of acquired businesses are included in the consolidated financial statements from their respective dates of acquisition, being the date on which the Group obtains control.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The consolidated financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits/losses.

b. Basis of Presentation

- i. The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss and Consolidated Statement of Changes in Equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Consolidated Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows" by use of Indirect method. The disclosure requirements with respect to items in the Consolidated Balance Sheet and Consolidated Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.
- ii. The Group's Financial Statements are presented in Indian Rupees (INR), which is also its functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated, as permitted by Schedule III to the Companies Act, 2013. Transactions and balances with values below the rounding off norm adopted by the Group have been reflected as "0" in the relevant notes to these financial statements.

iii. Current and Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when: -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

2.3 Key Accounting Estimates and Judgements

The preparation of these consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the group to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The Group uses the following critical accounting estimates in preparation of its financial statements:

Key sources of estimation of uncertainty at the reporting date of consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives and carrying amounts of property, plant and equipment, fair value measurements of financial instruments, revenue recognition, employee benefits, valuation of deferred tax assets and leases, these are discussed below.

Outcomes within the next financial year that are different from the assumption could require a material adjustment to the carrying amount of the asset or liability.

(a) Property, Plant and Equipment

Judgement is required in applying the recognition criteria as to what constitutes an item of property, plant and equipment. The Group uses judgement to assess the degree of certainty attached to the flow of future economic benefits that are attributable to the use of the asset on the basis of the evidence available at the time of initial recognition. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Group reviews its carrying value of Property, plant and equipment carried at cost (net of impairment, if any) annually, when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the consolidated statement of profit and loss. It involves, among other techniques, estimations in respect of expected future cash flows and discount rates to arrive at present value of expected cash flows.

The carrying amount of Property, plant and Equipment is given at note no. 3

(b) Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the consolidated balance sheet cannot be measured based on quoted price in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The carrying value of fair value of financial instruments is given at note no. 4, 7 to 11 and 18 to 20.

(c) Revenue Recognition

The Group derives its revenue primarily from sale of merchandise and commission from DCA cum CS business.

The Group's contract with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgment is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component.

The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

The Group uses judgement to estimate the value of the goods or services to the customer transferred to date relative to the remaining goods or services promised under contract which is used to determine the degree of completion of the performance obligation.

The amount of revenue recognised is given in note no. 23.

(d) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Group to use assumptions. These assumptions have been explained under employee benefits note.

The carrying value of employee benefit plans in the nature of defined benefits is given in note no. 28.

(e) Deferred Tax Asset

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(f) Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The carrying value of lease obligations and Right of use assets is given at note numbers 16 And 21 respectively.

2.4 Recent accounting developments

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under

development.

- If a Group has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

2.5 Summary of Significant Accounting Policies

(a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost after deducting trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost, non-refundable purchase taxes, any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

The Group has opted cost model as its accounting policy for measurement after recognition.

Depreciation on Property, Plant and Equipment is provided using Straight Line Method taking life of the assets as given in the Schedule-II of Companies Act, 2013 on 95% of value of assets.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

Property, plant and equipment are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the consolidated statement of profit and loss.

(b) Intangible Assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

The Group has opted cost model as its accounting policy for measurement after recognition.

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

The Group's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss

(c) Inventories

Inventories consists of raw materials, Work in progress, finished goods and stores and spares. Inventories are valued at the lower of cost and net realisable value except wastage which is valued at net realisable value. The cost of inventories shall comprise all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present, location and condition. The costs of inventories are assigned using the first in, first out (FIFO) formula. When inventories are sold, the carrying amount of those inventories shall be recognised as an expense in the period in which the related revenue is recognised.

(d) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Financial Instruments

Financial Assets

Initial Recognition and Measurement

The Group recognises a financial asset when it becomes party to the contractual provisions of the instrument. All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition

Where the fair value of the financial asset at initial recognition differs from the transaction price an entity account for the difference as follows:

- As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability,
- Is deferred in other cases. The deferred difference is recognised as a gain or loss only to the extent it arises from a change in factor (including time) that market participants would take into account when pricing the asset or liability.

Investments in subsidiary is measured at cost.

Subsequent Measurement

Financial Assets measured at Amortised Cost

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Other Comprehensive Income

A Financial Asset is measured a FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value Through Profit or Loss

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

Investments in subsidiary is measured at cost.

Impairment of Financial Assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables, the Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Reclassification of Financial Assets

Financial assets are reclassified subsequent to their recognition, if the Group changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

(f) Financial Liabilities

Initial Recognition and Measurement

The Group recognises a financial liability when it becomes party to the contractual provisions of the instrument. All Financial Liabilities are recognised at fair value and in case of financial liabilities classified as 'subsequently measured at amortised cost' are shown net of directly attributable cost.

Where the fair value of the financial liability at initial recognition differs from the transaction price an entity account for the difference as follows:

- As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability,
- Is deferred in other cases. The deferred difference is recognised as a gain or loss only to the extent it arises from a change in factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent Measurement

Financial Liabilities which are classified as 'subsequently measured at amortised cost' are carried at amortised cost using the effective interest method.

(g) Hedge Accounting

The Group uses derivative financial instruments such as forward contracts to mitigate the risk of changes in exchange rates. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

Fair Value Hedge

The Group designates derivative contracts as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in foreign exchange rates. The gain or loss on the hedging instrument is recognised in profit or loss. The hedging gain or loss on the hedged item adjusts the carrying amount of the hedged item and is recognised in profit or loss.

Derecognition of Financial Instruments

The Group derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

(h) Provisions and contingent liabilities

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

(g) Revenue Recognition

Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Sale of Goods

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Group has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Commission income

The Group is also Del-credere Agent cum Consignment Stockiest of ONGC Petro additions Limited (OPaL) to deal in granules. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Principal has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Job work and other services

Revenue from rendering of other services is recognised over time by measuring the progress towards complete satisfaction of performance obligations by using output method at the reporting period.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method.

Export Licences

The revenue from transfer of export licences has been recognised when control over licences are transferred.

(h) Contract Balances

Trade Receivables

A receivable represents the Group's right to an amount of consideration that is unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract

liabilities are recognised as revenue when the Group performs under the contract.

(i) Government Grants

Government grants, including non-monetary grants at fair value, are recognised when there is reasonable assurance that:

- (a) the entity will comply with the conditions attaching to them; and
- (b) the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Presentation of Government grants

Grant related to specific fixed assets are presented in the balance sheet by showing the grant as deduction from the gross value of asset concerned in arriving at their book value.

Grants related to income are presented as part of profit or loss.

(j) Employee Benefits Expense

Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Leave encashment is accounted for on cash basis. Group compulsorily pays for encashment of leave within 12 months. Hence all payments are short term in nature.

Post-Employment Benefits

Defined Contribution Plans

The Group recognises contribution payable to the provident fund and ESIC scheme as an expense, when an employee renders the related service.

Defined Benefit Plans

The Group has opted Group Gratuity Scheme of Life Insurance Corporation of India. The Group makes contribution to the fund under that scheme. Provision for obligations is made for any shortfall in contribution to the fund as against the present value of defined benefit obligations towards gratuity at the reporting date.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

(k) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(l) Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets

The Group assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Description of Plans and risks

Defined benefit plans of the Company comprises Gratuity.

The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment.

The Company has opted the Employee Group Gratuity Scheme of the insurance service provider Life Insurance Corporation of India ("LIC"). Payments for Gratuity are funded through investments with Life Insurance Corporation of India.

The Company's investment strategy in respect of its funded plans is implemented within the framework of the applicable statutory requirements. The plans expose the Company to a number of actuarial risks such as investment risk, interest rate risk, longevity risk and inflation risk. The Company has developed policy guidelines for the allocation of assets to different classes with the objective of controlling risk and maintaining the right balance between risk and long-term returns in order to limit the cost to the Company of the benefits provided.

The company makes annual contribution to the Employee's Group Gratuity Cum Life Assurance Scheme of the Life Insurance Corporation of India, a funded benefit plan for qualifying employees. The Scheme provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service.

The figures of present value of the defined benefit obligation and the related current service cost were as measured and provided to us by a consulting actuary.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2020-21.

The Information of sensitivity analysis in respect of key assumption on define benefit obligation is not available as the cost to develop it would be excessive.

c. Compensated Absences

As regards compensated absences, the Company has policy for encashment of leaves (which is compulsorily paid within one year from the end of the financial year) standing to the credit of the employees on cash basis.

B Financial Risk Management

The Company is exposed primarily to market risks being fluctuations in foreign currency exchange rates and interest rate, and other risks namely credit and liquidity risks, which may adversely impact the fair value of its financial instruments. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Company has a risk management policy which covers risks associated with financial assets and liabilities. The focus of risk management committee is to assess the unpredictability of the financial environment and to mitigate the potential adverse effects on the financial performance of the Company.

Management of Market Risk

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

Foreign currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company.

The Company as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 1% against the functional currency of the Company.

Foreign Currency Risk

The following table shows foreign currency exposures in US Dollar, Euro and Great Britain Pound on financial instruments at the end of the reporting period.

Management Of Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amount according to the contractual terms or obligations causing financial loss to the Company

Credit risk encompasses of risk of default, risk of deterioration of creditworthiness as well as concentration of risks.

credit risk is controlled by analysing credit limits and creditworthiness of customers of a continuous basis to whom the credit has been granted

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure.

The maximum exposure to credit risk is Rs 3296.97 lakhs (Rs 2593.04 lakhs in preceding year) being the total of carrying amount of trade receivables, balance with banks, bank deposits and other financial assets.

Trade receivables

Concentration of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on a quarterly basis.

Other financial assets

The Company maintains exposure in bank balances and term deposits with banks. Considering insignificant amounts and short term nature, there is no significant risks pertaining to these assets.

Management of Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date.

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

The Company has obtained fund and non-fund based working capital lines from various banks. Furthermore, the Company have access to undrawn lines of committed and uncommitted borrowing/ facilities

The Company has maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31st March, 2021 and 31st March, 2020. Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

The following table shows a maturity analysis of the anticipated cash flows including interest obligations for the Company's non-derivative financial liabilities on an undiscounted basis, which therefore differ from both carrying value and fair value.

Derivative financial instruments and hedging activity

The company's revenue is denominated in various foreign currencies. Given the nature the business, a large portion of costs are denominated in Indian Rupees. This exposes the company to currency fluctuations.

The Board of Directors have constituted a Risk Management Committee to frame, implement and monitor the risk management plan of the company which inter alia covers risks arising out of exposure of foreign currency fluctuations.

The company uses various derivative instruments such as foreign exchange forward in which the counter party is generally the bank.

The following are outstanding foreign currency forward contracts, which have been designated as fair value hedges -
