INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF COMSYN INDIA PRIVATE LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of Comsyn India Private Limited (herein referred to as "the Company"), which comprise the balance sheet as at March 31, 2022, and the statement of Profit and Loss (including other Comprehensive Income), the standalone statement of changes in equity and the standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its profits and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Management's and Board of Directors' responsibilities for the Audit of the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles

generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has not realistic alternative to do so.

The Board of Directors are responsible for over viewing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decision of the users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances. Under section
 143(3) of the Act, we are also responsible for expressing our opinion on whether the
 Company has adequate internal financial control system in place and the operating
 effectiveness of such control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the financial statements

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charge with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be though to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- As required by section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of Profit and Loss (including Other Comprehensive Income), the standalone statement of changes in equity and the standalone statements of Cash Flow dealt with by this report are in agreement with relevant books of account,
 - In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014,
 - e) On the basis of written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of section 164(2) of the Act.
 - f) The requirement of reporting, with respect to the adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls, is not applicable to the Company in view of notification No. G.S.R. 583(E) dated 13th June, 2017; and
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. (Refer Note 30 to the standalone financial statements.)
 - The Company did not have any long-term contracts for which there were any material foreseeable losses.
 - There is no amount required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company

to or in any other persons or entities, including foreign entities ("intermediaries) with the understanding, whether recorded in writing or otherwise, that the intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate beneficiary") by or on behalf of the company, or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party, or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused to us to believe that the representations under sub-clause (iv)(a) and (iv)(b) contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
- With respect to the other matters to be included in the Auditor's Report in accordance
 with the requirements of section 197(16) of the Act, in our opinion and to the best of
 our information and according to the explanations given to us, the provisions of section
 197 are not applicable to the Company
- 4. As required by the Companies (Auditor's Report) Order, 2016 ("the order") issued by the Central Government in terms of section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.

ANNEXURE -A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements section of our report to the members of Comsyn India Private Limited)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of M/S Comsyn india Private Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an ward

understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure B to the Independent Auditor's Report of even date on the Standalone Financial Statements of Comsyn India Private Limited for the year ended 31 March 2022

(Referred to in paragraph 4, under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

- (i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (B) The company has maintained proper records showing full particulars of intangible assets.
 - (b) The company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including Right-of-use asset) of Intangible assets or both during the year.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreements with the books of account of the Company, except as disclosed in note 34 of the financial statements.

- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided security or made advances in the nature of loans, secured or unsecured, to companies, firms limited liability partnership or any other parties during the year. The Company has made loans to other entities in respect of which the requisite information is as below.
 - (a) Based on the audit procedures carried out by us and as per the information and explanations given to us, the Company has provided loans to other entities during the year as follows –

	Rs. in lakhs
Particulars	Loans
Aggregate amount granted / provided during the year ended 31st March 2022	
-others (staff loans)	3.27
Balance outstanding as at balance sheet date- 31 st March 2022	
-others (staff loans)	0.88

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the grant of all loans are not prejudicial to the company's interest.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans for which schedule of repayment of principal and payment of interest has been stipulated. Therefore, sub-clauses (d) and (e) of clause (iii) are not applicable to the Company.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has granted loans without specifying any terms or period of repayment.

Particulars	Related parties
Aggregate amount of loans - Repayable on demand - Agreement does not specify any terms or period of repayment	3.27 lakhs
Total	3.27 lakhs
Percentage of loans/advances in the nature of loans to the total loans	100%

- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not provided any security as specified under Sections 185 and 186 of the Act. In respect of the loans given, investments made and guarantee provided by the Company, in our opinion the provisions of Sections 185 and 186 of the Act have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the order is not applicable.
- (vi) The Central Government has not specified maintenance of the cost records under subsection (1) of section 148 of the Companies Act, 2013 for the products manufactured by it and/or services provided by it and such accounts and records have been made and maintained.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Goods and service tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues applicable to it.
 - According to the information and explanations provided to us, no undisputed amounts payable in respect of Goods and Service Tax, Provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues were in arrears, at the year end, for a period of more than six months from the date they became payable.
 - (b) According to information and explanations given to us, there are no dues of GST, PF, ESI, income tax, Sales Tax, service tax, value added tax, custom duty, excise duty and cess or other statutory dues, which have not been deposited on account of any dispute.
- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions as income, previously unrecorded as income in the books of account, in the tax assessments under the Income tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.
 - (c) Term loans were applied for the purpose for which the loans were obtained.

- (d) According to the information and explanations given to us and on overall examination of the balance sheet of the Company, we report that funds raised on short term basis aggregating to Rs. 1020.4 lacs have been used for long term purposes by the Company.
- (e) According to the information and explanations given to us and on overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiaries or associates as defined under the Companies Act, 2013 as the company does not have any subsidiary or associate. Accordingly, clause 3(ix)(e) of the order is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, the Company has no subsidiaries or associate companies as defined under the Companies Act, 213. Accordingly, clause 3(ix)(f) of the order is not applicable.
- (x) (a) The Company has not raised money by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)((a) of the order is not applicable.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Accordingly, clause 3(x)(b) of the order is not applicable.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, we report that no fraud by the Company or on the Company has been noticed or reported during course of the audit.
 - (b) No report under sub-section 12 of section 143 of the Companies Act, 2013 has been filed by the auditors in form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - (c) According to information and explanations given to us and based on the examination of records of the company, the company did not receive any complaint from any whistle blower.
- (xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- (xiii) According to information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and the details

- have been disclosed in the standalone Financial Statements, as required by the applicable accounting standards.
- (xiv)(a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) According to information and explanations given to us and based on our examination of the records of the Company, the company has not entered into non-cash transactions with directors or persons connected with them. Hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)(a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the order is not applicable.
 - (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly clause 3(xvi)(b) of the order is not applicable.
 - (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the order is not applicable.
 - (d) According to information and explanations provided to us during the course of our audit, the group does not have any CIC. Accordingly, clause 3(xvi)(d) of the order is not applicable.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the order is not applicable.
- (xix) According to information and explanations given to us and on basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however state that this is not an assurance as to the future viability of the Company. We further state that our report is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance.

that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) (a) According to information and explanations given to us and based on our examination of the records of the Company, the provisions of section 135 are not applicable to the Company. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
 - (b) According to information and explanations given to us and based on our examination of the records of the Company, the provisions of section 135 are not applicable to the Company. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

COMSYN INDIA PRIVATE LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1) Corporate information

Comsyn India Private Limited ("COMSYN" or The "Company"), domiciled in India and incorporated on 26th August, 2020 under the provisions of the Companies Act, 2013 and having its registered office at 'Commercial House', 3-4 Jaora Compound, M.Y.H. Road, Indore, Madhya Pradesh – 452001 India. The company is the manufacturer of HDPE/PP Fabric and planning to expand its activities.

2) Basis of preparation, presentation and significant accounting policies

2.1 Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Board of Directors approved the financial statements for the year ended 31st March 2022 and authorised for issue on 25th May, 2022.

2.2 Basis of preparation and presentation

a. Basis of Preparation

The Company maintains its accounts on accrual basis following historical cost convention, except for certain assets and liabilities that are measured at fair value, recoverable amount or net realisable value in accordance with Indian Accounting Standards. The Financial Statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

b. Basis of Presentation

I. The Balance Sheet, Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows" by use of indirect method. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes

Cel

forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.

ii. The Company's Financial Statements are presented in Indian Rupees (INR), which is also its functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated, as permitted by Schedule III to the Companies Act, 2013.

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes to these financial statements.

iii. Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
 All other assets are classified as non-current.

A liability is current when: -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

2.3 Key Accounting Estimates and Judgements

The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The Company uses the following critical accounting estimates in preparation of its financial statements:

12 B

-Gh

Key sources of estimation of uncertainty at the reporting date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives and carrying amounts of property, plant and equipment, fair value measurements of financial instruments, revenue recognition and employee benefits, these are discussed below.

Outcomes within the next financial year that are different from the assumption could require a material adjustment to the carrying amount of the asset or liability.

a) Property, Plant and Equipment

Judgement is required in applying the recognition criteria as to what constitutes an item of property, plant and equipment. The Company uses judgement to assess the degree of certainty attached to the flow of future economic benefits that are attributable to the use of the asset on the basis of the evidence available at the time of initial recognition. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Company reviews its carrying value of Property, plant and equipment carried at cost (net of impairment, if any) annually, when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. It involves, among other techniques, estimations in respect of expected future cash flows and discount rates to arrive at present value of expected cash flows.

The carrying amount of Property, plant and Equipment is given at note no. 3 .

b) Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted price in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The carrying value of fair value of financial instruments is given at note no. 4, 7 to 9, 13, and 15 to 17.

c) Revenue Recognition

The Company derives its revenue primarily from sale of merchandise.

The Company's contract with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgment is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component.

The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

The Company uses judgement to estimate the value of the goods or services to the customer transferred to date relative to the remaining goods or services promised under contract which is used to determine the degree of completion of the performance obligation.

The amount of revenue recognised is given in note no. 22.

d) Employee Benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

The carrying value of employee benefit plans in the nature of defined benefits is given in note no. 27.

e) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the calculations.

option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics. The carrying value of lease obligations and Right of use assets is given at note numbers 14.

2.4 Recent accounting developments

Ministry of Corporate Affairs (MCA), vide notification dated 23rd March, 2022, has made the following amendments to Ind AS which are effective 1st April, 2022:

a. Ind AS 109: Annual Improvements to Ind AS (2021)

b. Ind AS 103: Reference to Conceptual Framework

c. Ind AS 37: Onerous Contracts - Costs of Fulfilling a Contract

d. Ind AS 16: Proceeds before intended use

Based on preliminary assessment, the Company does not expect these amendments to have any significant impact on its standalone financial statements

2.5 Summary of Significant Accounting Policies

a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost after deducting trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost, non-refundable purchase taxes, any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

The Company has opted cost model as its accounting policy for measurement after recognition.

Depreciation on Property, Plant and Equipment is provided using Straight Line Method taking life of the assets as given in the Schedule -II of Companies Act, 2013 on 95% of value of assets.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

020

(B)

Gains or losses arising from de-recognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Property, plant and equipment are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

b) Intangible Assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

The Company has opted cost model as its accounting policy for measurement after recognition.

Gains or losses arising from de-recognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

The Company's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life. Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

c) Inventories

Inventories consists of raw materials, Work in progress, finished goods and stores and spares. Inventories are valued at the lower of cost and net releasable value except wastage which is valued at net realisable value. The cost of inventories shall comprise all costs of purchase, cost of conversion and other costs incurred in the progress of the costs incurred in the progress of the costs incurred in the costs.

Cels

bringing the inventories to their present, location and condition. The costs of inventories are assigned using the first in, first out (FIFO) formula. When inventories are sold, the carrying amount of those inventories shall be recognised as an expense in the period in which the related revenue is recognised.

d) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

e) Financial Instruments

Financial Assets

Initial Recognition and Measurement

The company recognises a financial asset when it becomes party to the contractual provisions of the instrument. All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value through Profit or Loss, are adjusted to the fair value on initial recognition

Where the fair value of the financial asset at initial recognition differs from the transaction price an entity account for the difference as follows:

- As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability,
- Is deferred in other cases. The deferred difference is recognised as a gain
 or loss only to the extent it arises from a change in factor (including time)
 that market participants would take into account when pricing the asset or
 liability.

Subsequent Measurement

Financial Assets measured at Amortised Cost

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Other Comprehensive Income
A Financial Asset is measured a FVTOCI if it is held within a business model whose
objective is achieved by both collecting contractual cash flows and selling
Financial Assets and the contractual terms of the Financial Asset give rise on
specified dates to cash flows that represents solely payments of principal and
interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Profit or Loss

0

Oh

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Reclassification of Financial Assets

Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

Financial Liabilities

Initial Recognition and Measurement

The company recognises a financial liability when it becomes party to the contractual provisions of the instrument. All Financial Liabilities are recognised at fair value and in case of financial liabilities classified as 'subsequently measured at amortised cost' are shown net of directly attributable cost.

Where the fair value of the financial liability at initial recognition differs from the transaction price an entity account for the difference as follows:

 As a gain or loss, if that fair value is evidenced by a quoted price in an active market for an identical asset or liability.

Is deferred in other cases. The deferred difference is recognised as a gain
or loss only to the extent it arises from a change in factor (including time).

VA

Oh

that market participants would take into account when pricing the asset or liability.

Subsequent Measurement

Financial Liabilities which are classified as 'subsequently measured at amortised cost' are carried at amortised cost using the effective interest method.

f) Hedge Accounting

The Company uses derivative financial instruments such as forward contracts to mitigate the risk of changes in exchange rates. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Hedges that meet the criteria for hedge accounting are accounted for as follows:

Fair Value Hedge

The Company designates derivative contracts as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in foreign exchange rates. The gain or loss on the hedging instrument is recognised in profit or loss. The hedging gain or loss on the hedged item adjusts the carrying amount of the hedged item and is recognised in profit or loss.

De-recognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for de-recognition under Ind AS 109. A Financial liability (or a part of a financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

g) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

h) Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying

13

economic benefits will be required to settle or a reliable estimate of amount cannot be made.

i) Revenue Recognition

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Sale of Goods

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

lob work and other services

Revenue from rendering of other services is recognised over time by measuring the progress towards complete satisfaction of performance obligations by using output method at the reporting period.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method.

i) Contract Balances

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

k) Government Grants

Government grants, including non-monetary grants at fair value, are recognised when there is reasonable assurance that:

(a) The entity will comply with the conditions attaching to them; and

(b) The grants will be received.

JEST .

Ol

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Presentation of Government grants

Grant related to specific fixed assets are presented in the balance sheet by showing the grant as deduction from the gross value of asset concerned in arriving at their book value.

Grants related to income are presented as part of profit or loss.

Employee Benefits Expense

Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Leave encashment is accounted for on cash basis. Company compulsorily pays for encashment of leave within 12 months. Hence all payments are short term in nature.

Post-Employment Benefits

Defined Contribution Plans

The Company recognises contribution payable to the provident fund and ESIC scheme as an expense, when an employee renders the related service.

Defined Benefit Plans

The Company has opted Group Gratuity Scheme of Life Insurance Corporation of India. The Company makes contribution to the fund under that scheme. Provision for obligations is made for any shortfall in contribution to the fund as against the present value of defined benefit obligations towards gratuity at the reporting date. Re-measurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

m) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

n) Impairment of Non- Financial Assets - Property, Plant and Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

o) Income Taxes

Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current taxes

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the Income Tax authorities, based on tax rates and laws that are enacted at the reporting date.

Deferred taxes

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

p) Leases

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

q) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share.

Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.
